With our connected range link up to 20 alarms with RF-PRO technology. When one goes off, they all sound, giving you complete home protection.

LINK ALARMS WITH
RF-PRO
WIRELESS TECHNOLOGY

DECADE OF DETECTION

Many alarms in the range feature sealed 10 year lithium batteries, providing long lasting, low maintenance safety for your home.

BUILT TO LAST
DECADE 10
DETECTION

CONNECTED

Link up to 20 alarms for whole home protection

WHAT IS THE CONNECTED RANGE?

The **BLACK+DECKER® CONNECTED** range links heat, smoke and carbon monoxide alarms wirelessly using RF-PRO Technology. With seamless interlink, you can connect up to 20 alarms throughout your home. When one alarm is triggered, every unit sounds giving you complete, whole home coverage.

TOTAL COVERAGE

When one alarm sounds, all alarms trigger, protecting every floor and rooms.

RF-PRO TECHNOLOGY

Reliable wireless connection with seamless interlink, no messy wiring.

PEACE OF MIND

Stay alert to smoke, heat, and carbon monoxide anywhere in your home.

ENHANCED AWARENESS

Hear alarms across every floor of your home, giving you time to respond.

SIMPLE CONTROL

The Wireless Control Unit lets you test, silence, and locate alarms easily.

RELIABLE SAFETY

10 year battery and robust design for lasting, low upkeep protection.

SEAMLESS SAFETY WITH RF-PRO TECHNOLOGY

HEAT ALARMS

Protection where smoke alarms aren't suitable.

Perfect for kitchens, garages, and lofts, heat alarms detect rapid rises in temperature instead of smoke, avoiding false alarms from cooking, steam, or dust.

THE BLACK+DECKER® RANGE:

10 YEAR BATTERY HEAT ALARM

Reliable, low maintenance protection.

CONNECTED HEAT ALARM

Wireless interlink with up to 20 units.

MAINS POWERED HEAT ALARM
